Kirk T. Steudle, Director
Michigan Department of Transportation

I am pleased to submit the Annual Financial Report for the Michigan Department of Transportation (MDOT) for the fiscal years ended September 30, 2004 and 2005. This report is prepared by the Bureau of Finance and Administration which is responsible for both the accuracy of the data and the completeness and fairness of the presentation. The data is accurate in all material respects and is presented in a manner designed to fairly set forth the financial position and results of the department's operations.

This report is in compliance with Department of Management and Budget's Administrative Guide to State Government, which requires state agencies issuing financial reports to be consistent with the State of Michigan Comprehensive Annual Financial Report. In complying with state agency reporting guidelines, this report does not fully comply with all generally accepted accounting principles. However, these departures from generally accepted accounting principles are not material; for example, the combined balance sheet does not include long-term obligations or capitalized assets, but all disclosures necessary to enable the reader to gain a reasonable understanding of the department's financial affairs are included. A summary of the department's financial information follows.

FINANCIAL UPDATE

The United States economy grew stronger as gross domestic product increased and unemployment decreased. The State of Michigan's economic recovery continues to lag due to restructuring. As a result of the economy and one time revenues received in FY 2004 for permanent trailer registration fees, transportation revenues decreased in Fiscal Year (FY) 2005. The revenues deposited in the Michigan Transportation Fund (MTF) decreased by \$85.1 million or 4.1 percent in FY 2005. Disbursements from MTF to the State Trunkline Fund, counties and cities/villages decreased 7.7 percent, 4.8 percent and 5.0 percent, respectively.

The Comprehensive Transportation Fund (CTF) received a \$1 million or 0.6 percent increase in MTF revenues for public transportation services. CTF also receives sales tax revenue from vehicle-related sales, which had a substantial decrease of \$8 million or 12.4 percent in FY 2005, due to legislation that redirected \$10 million of sales tax away from CTF. The amount of aviation fuel tax revenue deposited in the Aeronautics Fund decreased by \$1 million or 13.0 percent over the previous fiscal year.

Despite revenue decline, the department effectively managed available revenues by reducing administrative and debt service costs. The department took advantage of recent declines in interest rates and refinanced \$232 million of outstanding State Trunkline Fund (STF) bonds as well as \$65.1 million of outstanding Comprehensive Transportation Fund (CTF) bonds. This resulted in savings of \$12.5 million and \$2.4 million, respectively, for MDOT. The department continues to maintain a strong fiscal plan which supports the five year road and bridge program. MDOT issued new STF bonds totaling \$378 million to pay off \$400 million in GARVEE Notes. The department continues to maintain an AA rating from Standard and Poor's.

In 2005, the authorizations that provided federal transportation dollars were replaced with a new law, Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA:LU). This new act increased the federal gas tax dollars returned to Michigan from 90.5 cents to 92 cents on the dollar. This will result in an increase of approximately \$239 million in federal dollars over the life of this new act. However, SAFETEA:LU also included more earmarked projects than ever before leaving MDOT with less flexible federal dollars. In addition, an increase of \$37 million per year will be provided for transit programs. Several new programs for the safety and security of Michigan's citizens were included in this act including a border infrastructure program, highway safety program and Safe Routes to School program.

PROGRAM OVERVIEW

In FY 2005, MDOT continued the Preserve First Program, which focuses resources on improving the condition of existing roads and bridges. The goal is to have 95 percent of freeway roads and bridges and 85 percent of non-freeway roads and bridges under MDOT's control in good condition by 2007. The advanced use of computer technology continues to enhance accurate forecasting of pavement condition and helps prioritize future projects. Over \$1.1 billion was spent on capital outlay expenditures for roads and bridges in FY 2005.

One of the department's major safety goals is to reduce cross median crashes on freeways by establishing barriers. MDOT is also committed to improving driver safety by upgrading signs and pavement markings for better nighttime visibility, installing rumble strips on road shoulders, and upgrading guardrails.

The department provided over \$168 million for local bus operations including specialized services and transportation to work programs. In addition to operating assistance, \$23.7 million in CTF funds were provided as matching funds for \$141 million in federal funds used for transit infrastructure. Environmental stewardship continues to be a focus of the department with such programs as the MichiVan vanpooling program and providing support for alternative fuel source transit busses. The department also regulates and provides funding for safety enhancements at approximately 5,000 public railroad grade crossings. Funds are provided for railgrade crossing improvement projects and loans and grants for railroad rehabilitation and track construction and extensions for economic development.

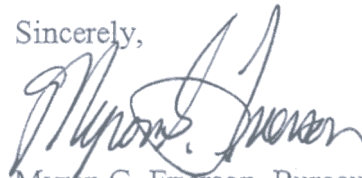

In FY 2005, more than \$164 million was spent to improve air transportation in Michigan, an increase of 19.9 percent over FY 2004. These improvements included grants for capital improvements and equipment that emphasized safety, security and communications, capital grants for airport improvements to infrastructure and runway capacity. Funds also were used to conduct safety seminars, inspect landing sites and airports, register aircraft and dealers and publish and distribute the Michigan Airport Directory and Aeronautical Chart.

CONCLUSION

In FY 2005, \$3.8 billion was expended from all sources to address Michigan's transportation needs. MDOT's challenge continues to be making wise investment decisions with its resources to maximize the results achieved. This has fostered many inventive and innovative ideas at MDOT in the past, and will no doubt promote even more in the future.

I wish to express my appreciation to the many people whose dedicated efforts made possible the preparation of this report. I believe their combined efforts have produced a report that will enable decision makers and concerned citizens to better understand and evaluate the department's financial condition.

Sincerely,

A handwritten signature in blue ink, appearing to read "Myron G. Frierson".

NOTES TO FINANCIAL STATEMENTS
FISCAL YEAR ENDED SEPTEMBER 30, 2005

On September 1, 2000, the International Bridge Authority paid off the 40 year bonds which financed the construction of the International Bridge at Sault Ste. Marie, Michigan. As a result, the International Bridge Authority was dissolved, and the Michigan Department of Transportation (MDOT) and the St. Mary's River Bridge Company (SMRBC), a Canadian Corporation, share ownership of the International Bridge. A 40 year intergovernmental agreement between MDOT and SMRBC went into effect on September 1, 2000. This agreement formed the Joint International Bridge Authority (JIBA) and the International Bridge Administration (IBA). The JIBA is a non-profit organization with six members. Three members are selected by the Governor of Michigan and three by SMRBC, which is controlled by the Minister of Transport. The IBA is made up of MDOT employees who are responsible for the administration, operation, repair, and improvement of the International Bridge. Revenue from bridge tolls covers the expenses of the IBA. Neither owner is required to provide financial support for the bridge.

Summary financial information for the International Bridge Authority's audit periods ending December 31, 2004 & December 31, 2003 follows (In Thousands):

	<u>December 31, 2004</u>	<u>December 31, 2003</u>
Assets	\$ 6,083	\$ 3,877
Liabilities	1,373	828

Over (Under) Expenditures and Other Uses	1,661	668

The Mackinac Bridge Authority (Authority), a component unit of the State of Michigan, is reported in the SOMCAFR and is not reported in these statements. The Authority issues its own audited financial statements. Further information regarding the relationship between the Department and the Authority is provided in Note 10 of this report.

B. Basis of Presentation

The financial transactions of the Department are recorded in individual funds in the Michigan Administrative Information System (MAIN). The various transportation funds are combined in the SOMCAFR into fund types described as follows:

Governmental Fund Types

Special Revenue Funds: This fund group includes operating funds that account for the proceeds of certain specific revenue sources, which are legally restricted for specified purposes.

Debt Service Funds: This group accounts for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

TOTALS (MEMORANDUM ONLY)

Amounts in the "total - memorandum only" columns represent summations of the fund types and account groups and are presented only for analytical purposes. The summations include interfund transactions, which have not been eliminated, and the captioned "amounts to be provided," which are not assets in the usual sense. Consequently, amounts shown in the "total - memorandum only" columns are not comparable to a consolidation.

C. Basis of Accounting

The financial statements contained in this report are prepared on the modified accrual basis of accounting. The modified accrual basis of accounting, fiscal year ends, and accounting practices are explained in more detail in the SOMCAFR.

D. Calculation Practice

Amounts recorded in the Department's financial statements are rounded to thousands of dollars, unless otherwise noted. Because of this, the amounts may not add to the totals.

Note 2: Budgeting and Budgetary Control

The SOMCAFR provides disclosures regarding budgetary control. The budget column of the budget to actual statement represents legislative authorization after adjustments for carry-overs, transfers, and restricted revenue shortfalls. "Favorable variances" generally reflect unused general purpose spending authority ("lapses") and/or unused restricted revenue authority, which carry over as a reservation of fund balance. "Unfavorable variances" reflect budgetary overdrafts. If both favorable and unfavorable variances exist for a particular line, the amount shown is the net variance.

In 2005 and 2004, amounts were appropriated in the Blue Water Bridge Fund for operational costs and for partial repayment of the loan due to the State Trunkline Fund. Loan repayments made in fiscal years 2005 and 2004 were \$2.5 million and \$5.0 million, respectively. The repayment reduced amounts due to other funds. No expenditures were incurred and the related appropriation lapsed.

Note 3: Current Receivables

A. Contested Receivables

Current receivables recorded in the financial statements represent amounts due to the Department as of September 30, 2005 and 2004, and will be collected within 12 months. Receivables not due for collection within 12 months are classified as long-term assets with an offsetting deferred revenue or fund balance reserve. Due to the uncertainty associated with contested receivables in litigation or pending litigation, these receivables are recorded in an allowance for doubtful accounts, with the net amount reported in the financial statements. Receivables referred to Treasury for collection will no longer be classified as a receivable with a corresponding entry to allowance for doubtful accounts, but will instead be written-off as uncollectible at the time of referral.

B. Taxes Receivable

In the Michigan Transportation Fund, the net amount of current receivables, \$231.8 million and \$240.4 million, and allowances for uncollectible receivables, \$114.9 million and \$117.0 million, were recorded for motor fuel taxes due to the fund as of September 30, 2005 and 2004, respectively. The reporting of a gross receivable net of a related allowance for uncollectible accounts is consistent with the treatment of other taxes receivable reported in the SOMCAFR.

C. Federal Highway Administration (FHWA) Receivable

The Department recorded federal aid receivables in the State Trunkline Fund, State Trunkline Bond Proceeds Fund, and Transportation Related Trust Fund totaling \$134.1 million and \$124.1 million for the fiscal years ending September 30, 2005 and 2004, respectively. Of those amounts, \$10.3 million and \$7.3 million, respectively, were recorded from the "To-Be-Billed Summary". The "To-Be-Billed Summary" consists primarily of project costs that exceeded the contract amounts agreed to by the FHWA and represent federal funds earned by the Department but not requested for reimbursement. Consistent with past practices, contract amounts will be increased as federal aid becomes available. No long-term federal aid receivables were recorded for fiscal year ending September 30, 2005.

D. Advance Construction

Under an agreement with FHWA, the Department has, over a period of years, qualified a number of construction projects without placing them under a reimbursement agreement. These deferred federal aid projects may be converted to current reimbursement at the option of the Department, provided that there are adequate federal aid allocations. The arrangement was worked out between the states and the federal government so that the states could obtain federal reimbursement not received during the construction period, in case a relatively greater amount of federal aid became available at some later date or to assist in balancing the federal aid from year to year. At the end of fiscal year 2004, the Department had \$492.4 million of State Trunkline expenditures on projects not under reimbursement agreement. \$179.8 million of these expenditures were placed under reimbursement agreement by the end of fiscal year 2005. The remaining \$312.6 million is included in the fiscal year 2005 amount below. At the end of fiscal year 2005, the Department had \$451.1 million of State Trunkline expenditures on projects not under reimbursement agreement.

Note 4: General Long-Term Obligations

A. Revenue Dedicated Bonded Debt

The Department has periodically issued long-term bonds for specific purposes, with the stipulation that financing of debt requirements is to come strictly from designated revenue sources. The State of Michigan's general credit does not support such issues. Public Act 51 of 1951, as amended, provides that monies deposited in the State Trunkline Fund and/or the Comprehensive Transportation Fund are appropriated for specific purposes in order of priority. A sufficient portion of the State Trunkline Fund and the Comprehensive Transportation Fund is irrevocably appropriated to pay, when due, the principal of and interest outstanding on bonds and notes. The State Trunkline Series 1989-A, and the State Trunkline Series 1992 A and B bond issues included capital appreciation bonds (zero coupon bonds) with an ultimate maturity value of \$23.8 million and \$97.7 million, respectively. These bonds are recorded in the amounts of \$20.3 million and \$78.2 million, respectively, which are the accreted values at September 30, 2005. These bonds mature in the years 2004 to 2009, and 2006 to 2013, respectively.

Advance Refunding and Defeasance

The Department has issued refunding bond issues to finance the advance refunding of selected bond issues. A portion of the proceeds of the refunding issues were placed in trust and used to purchase securities of the U.S. Government and related agencies at various interest rates and maturities sufficient to meet all debt service requirements of the refunded debt. These assets are administered by a trustee and are restricted for the retirement of the refunded debt. The liability for the refunded bonds and the related securities and escrow accounts are not included in the accompanying financial statements, as the Department defeased its obligation for payment of the refunded bonded debt upon completion of the refunding transaction.

The following table summarizes the defeased bonds outstanding at September 30, 2005 and 2004:

B. Revenue Dedicated Notes Payable

The Department issued Grant Anticipation Notes in fiscal years ending 2001 and 2002. The Notes have variable rates that may bear interest at a daily interest rate, a weekly rate, note interest term rate, long-term interest rate, or an ARS interest rate. The Notes are issued in accordance with the authorization provided in P.A. 51 of 1951, as amended. The principal and interest on the Notes are payable solely from and are secured by an irrevocable pledge of the State share of all federal grants received each year under the Federal-Aid Highway Program.

C. Other General Long-Term Obligations

Capital Leases:

Capitalized lease liabilities are described in more detail in Note 5.

Compensated Absences:

Compensated absences liabilities are detailed in Note 6.

Claims and Judgments:

The liability recorded for claims and judgments consists of projected amounts for highway- related negligence cases based upon historical loss ratios. It should be stressed that the Department continues to vigorously contest all of these claims and that the Department may incur no liability in the individual cases involved. Therefore, the allowance for litigation losses may be overstated (to the extent that losses do not occur) or understated (if the losses exceed the projected amounts).

Note 5: Leases

The Department leases office facilities under noncancelable leasing arrangements. Most leases have cancellation clauses with one to six month notice requirements in the event that funding is not available. For reporting purposes, such cancellation clauses are not considered in the determination of whether a lease is cancelable because the likelihood that such clauses will be exercised is considered remote. Leases that are in the nature of acquisitions are classified as "capital" leases, therefore assets and liabilities are recorded at lease inception. Other leases are classified as "operating" leases, and these are treated as rent commitments rather than acquisitions.

Actual rental expenditures incurred under operating leases totaled \$1,973,063 and \$1,264,618 during fiscal years 2005 and 2004, respectively.

Summary of the noncancelable operating and capital leasing commitments to maturity for fiscal year 2005 follows (In Thousands):

Noncancelable Lease Commitments Fiscal Year 2005					
Fiscal Year Ended September 30	Operating Leases	Capital Leases			
		<u>Principal</u>	<u>Interest</u>	<u>Executory</u>	<u>Total</u>
2006	\$ 1,127	\$ 109	\$ 50	\$ 56	\$ 216
2007	935	120	40	56	216
2008	883	132	28	56	216
2009	353	78	18	27	124
2010	192	47	15	11	73
<u>2011 - 2017</u>	<u>--</u>	<u>239</u>	<u>31</u>	<u>49</u>	<u>319</u>
Total	<u>\$ 3,490</u>	<u>\$ 726</u>	<u>\$ 182</u>	<u>\$ 255</u>	<u>\$ 1,163</u>

The above schedule is consistent with SOMCAFR in that it does not include leases for state owned buildings, leases for an amount less than \$10,000, lease extensions less than 12 months and lease payment changes less than \$200.

All of the above capital leases are related to governmental fund operations and the total of capital lease principal is recorded in the government-wide statements of the SOMCAFR.

Note 6: Employee Benefits - Retirement and Compensated Absences

A. Retirement Contributions

Department of Transportation employees are members of the State Employees' Retirement System. Retirement contributions are expended from the Department's special revenue funds to the State Employees' Retirement Fund.

The Department's retirement contributions were as follows (In Thousands):

	<u>2005</u>	<u>2004</u>
State Trunkline Fund	\$32,740	\$24,392
Comprehensive Transportation Fund	1,013	848
State Aeronautics Fund	<u>765</u>	<u>555</u>
 Total Department of Transportation Contributions	 <u>\$34,519</u>	 <u>\$25,796</u>

B. Compensated Absences

The Department has accrued liabilities for compensated absences as required by GASB. Liabilities related to governmental fund types are recorded in the government-wide statements in the SOMCAFR, unless the liability is "due and payable" (i.e., liabilities are recognized in the year employee leaves State service) at year-end. The amount "due and payable" is reflected in the "Accounts payable" line of the applicable fund's balance sheet.

In 2004, the State instituted a banked leave time program whereby employees work a regular schedule, but receive pay for a reduced number of hours. The unpaid hours accrue to a banked leave time account. Employees will be compensated for the unpaid hours upon separation, death, or retirement from State service. The value of unused banked leave time hours will be contributed to the employee's State of Michigan 401(k) or 457 plan based on the hourly rate earned at the time of separation from State service.

If a Department employee transfers to another department, the related compensated absence liability is assumed by the employee's new department.

Beginning in fiscal year 2005, compensated absences liabilities for persons employed at the Michigan Welcome Centers have been included in the Department's totals. The operation of the Centers is overseen by the Michigan Economic Development Corporation while the funding authorization is included in the Department's annual appropriation bill. The amounts reported for fiscal year ended September 30, 2004 were not restated to reflect this change.

For a more detailed explanation of retirement benefits and compensated absence accruals, refer to the SOMCAFR.

Note 7: Capital Assets

Capital assets owned by the Department, including property, plant, equipment, and infrastructure items (roads, bridges, ramps, railroads, rest areas, and welcome centers) are reported in the government-wide financial statements of the SOMCAFR. The capital assets reported by the Department have been expanded due to the implementation of GASB Statement No. 34. For more information on the reporting of capital assets under this Statement, see Note 9 of the SOMCAFR.

Note 8: Excess of Expenditures Over Appropriation

Budgetary control for State Trunkline Fund, Blue Water Bridge Fund, State Aeronautics Fund, Michigan Transportation Fund, and Comprehensive Transportation Fund expenditures is established by line-item appropriation within each fund's total appropriation.

The Department incurred no overexpenditures in fiscal year 2005 or in fiscal year 2004.

Note 9: Interfund Transfers by the Michigan Transportation Fund

Interfund transfers are reported as other financing sources and uses on our Schedule of Revenues, Expenditures, and Changes in Fund Balances.

MDOT's most significant interfund transfer is the distribution of Michigan Transportation Fund (MTF) revenues to the State Trunkline Fund (STF) and Comprehensive Transportation Fund (CTF). This distribution is in accordance with section 247.660 of Public Act 51 of 1951, as amended.

MTF collects various taxes such as gasoline taxes, diesel taxes, motor carrier taxes, and vehicle license taxes. Before the distribution is calculated, various deductions are taken from MTF's total gross receipts. These deductions include funding for debt service payments, the Rail Grade crossing program, administrative costs for divisions within MDOT, and grants with other State agencies.

CTF receives ten percent of the remaining balance from MTF. After CTF's balance is distributed, additional deductions are taken for the Local Bridge program, the Economic Development program, and the Local Road program. Three of the four cents a gallon that MDOT receives for gasoline taxes is then added to the total. STF receives 39.1 percent of the remaining balance.

Other transfers from MTF are also required by P.A. 51 of 1951, or the current year's appropriation bill. See the table below for MTF's interfund transfers in fiscal years 2005 and 2004.

Note 10: Component Unit - Mackinac Bridge Authority

The Mackinac Bridge Authority (Authority), which is reported as a governmental component unit in the SOMCAFR, has over the years received \$75.3 million of subsidies for operations (\$12.3 million) and debt service (\$63.0 million). These subsidies were provided by the State Trunkline Fund and the Michigan Transportation Fund, respectively, both of which are special revenue funds. The Authority redeemed its remaining bonds on July 1, 1986.

State statutes require that the Authority continue charging bridge tolls and begin repaying the State Trunkline Fund and the Michigan Transportation Fund for the subsidies provided. These repayments would continue until such time as the subsidies have been completely returned. Executive Order 1986-14 created the Governor's Mackinac Bridge Task Force to develop an advisory proposal concerning reimbursement of the subsidies, future funding of repair and renovation costs, and the bridge toll structure. The Authority has not recorded a liability, and the state funds have not recorded receivables for these subsidies, because the reimbursements are contingent upon future net revenues and because the repayment commitment is long-term and budgetary in nature. Repayments may be authorized by the Authority after consideration of the Authority's annual needs for its operations and planned repairs and improvements.

The Authority repaid \$10,250,000 between fiscal years 1993 and 2004, with an additional \$250,000 repaid in fiscal year 2005, to the Michigan Transportation Fund. These repayments come directly from the revenue generated by bridge tolls and are not included as a financing use of the State Trunkline Fund. A balance of \$52,500,000 is owed to the Michigan Transportation Fund and a balance of \$12,306,172 is owed to the State Trunkline Fund.

For the fiscal year ended September 30, 2005, a current receivable of \$807,846.90 is recorded in the State Trunkline Fund's balance sheet as an amount due from component units for the authority's reimbursement of payroll and related expenses. An account payable due to the Department is recorded in the Authority's balance sheet.

Note 11: Contingencies and Commitments

A. Litigation

The Department is party to various legal proceedings seeking damages and other relief including injunctive or mandatory relief. The ultimate disposition of such legal proceedings is not presently determinable, but such ultimate disposition and consequences of all these legal proceedings will not, themselves, in the opinion of the State of Michigan's Attorney General, have a materially adverse effect on the Department's financial position.

The Department accrues fund liabilities at year-end related to settled cases where the outcome and dollar amount of the claim is final. For unsettled cases, liability recognition or disclosure is recorded at the statewide level, dependent on whether the loss is probable or reasonably possible.

In March 2002, the County Road Association of Michigan (CRAM) and the Chippewa County Road Commission filed a lawsuit against John A. Engler, et al concerning the provisions of Executive Order 2001-9. The lawsuit challenges the constitutionality of the reduction of funds by Executive Order that would have otherwise been spent under the Michigan Transportation Fund and the Comprehensive Transportation Fund, but, under the Executive Order would make additional funds available in the General Fund.

The case is in the appeal process.

For more information, see Note 23 of the financial statements included in the fiscal year 2005 SOMCAFR.

B. Federal Grants

Federal revenues are generally subject to review and audit by grantor agencies or their designees. Such audits could lead to a request for reimbursement to the grantor agencies for expenditures disallowed under the terms of the grant. As of September 30, 2005 and 2004 the Department estimates the disallowance of recognized revenues will not be material to the financial statements.

C. Construction Projects

The Department has entered into construction contracts for transportation related special revenue funds and trust funds. As of September 30, 2005 and 2004 the balances remaining on these contracts equaled \$558.1 million and \$545.5 million, respectively. As of September 30, 2005 and 2004, the balances remaining on these contracts, less the trust fund equaled \$500.4 million and \$472.3 million, respectively.

As of September 30, 2005 and 2004, the balances remaining on these contracts in the State Trunkline Fund equaled \$442.6 million and \$386.5 million, respectively.

DESCRIPTIONS OF SPECIAL REVENUE FUNDS
FISCAL YEAR ENDED SEPTEMBER 30, 2005

MICHIGAN TRANSPORTATION FUND

This fund, established by Public Act 51 of 1951, Section 10, as amended, is administered jointly by the Department of Transportation and the Department of State. In addition, some of the fund revenue is collected by the Department of Treasury. The fund is a receiving fund for the several tax revenues dedicated to highway purposes. Transfers are made to the General Fund to pay the cost of collection of the dedicated revenues and to the State Trunkline Fund, Comprehensive Transportation Fund, the Economic Development Sub-Fund, and the Recreation Improvement Sub-Fund in accordance with the statutory formula. Expenditures consist of grants to counties, cities, and villages for highway purposes in accordance with statutory formula.

STATE TRUNKLINE FUND

This fund provides for construction and maintenance of highways. Its overall budget is subject to annual legislative review and appropriation, but the Transportation Commission has significant discretion in determining the funding of individual projects. Major financing sources are transfers from the Michigan Transportation Fund, federal aid, and local participation. Expenditures and transfers are for administration, highway maintenance and construction, debt service, and various contractual obligations. In accordance with the annual appropriation act, unencumbered balances at fiscal year end are transferred to the road and bridge construction account.

In fiscal year 1988, the Economic Development Fund (EDF), a sub-fund, was created within the State Trunkline Fund. The statements for the State Trunkline Fund include the financial activity for EDF. A separate schedule summarizing EDF activity is included in the Statistical Section of this report.

BLUE WATER BRIDGE FUND

The fund was administratively established to account for the Blue Water Bridge project. Through provisions of Section 1012 in the federal ISTEA Act of 1991, the State Trunkline Fund received federal funds to be loaned to the Blue Water Bridge Fund for construction of the Blue Water Bridge project. Repayment of the \$45 million loan began in 1998. Repayments of the loan are expected to occur each fiscal year. The term of the loan will not exceed 30 years from the time the loan was obligated.

DESCRIPTIONS OF SPECIAL REVENUE FUNDS
FISCAL YEAR ENDED SEPTEMBER 30, 2005

COMPREHENSIVE TRANSPORTATION FUND

The Comprehensive Transportation Fund was created for the purpose of planning, developing and funding public transportation systems within the State. It was created by Public Acts 326, 327, and 328 of 1972, and Public Act 197 of 1973. In 1975, Public Acts 195, 196, and 239 were enacted, providing further additions and amendments to the laws governing this fund. Fund revenues consist primarily of federal and local revenues, a portion of vehicle-related sales tax, and transfers from the Michigan Transportation Fund. Expenditures and transfers are for administration, transit and intercity bus operating and capital assistance, debt service, and rail freight services and safety programs. In accordance with statutory provisions, any unencumbered balance at fiscal year end lapses and reverts to the fund for appropriation in the following fiscal year.

STATE AERONAUTICS FUND

This fund, established by Public Act 327 of 1945, administers development and capital improvement projects for local airports. Its budget is subject to annual legislative review and appropriation. Financing consists mostly of federal and local contributions and aviation fuel taxes. Expenditures and transfers are for administration and local airport improvement project costs. At fiscal year end, in accordance with the annual appropriation act, any unencumbered balance lapses and reverts to the fund for appropriation in the following fiscal year.

COMBINED STATE TRUNKLINE BOND PROCEEDS FUND

A separate fund is established to account for the proceeds of each bond issue. Revenue and expenditure data by individual proceeds fund is available in the Statistical Section, Schedule of Revenues and Expenditures by Fund.

The Combined State Trunkline Fund Bond Proceeds Fund consists of the following funds:

1989 STATE TRUNKLINE FUND BOND PROCEEDS FUND

This fund was established pursuant to Section 18(b) of Public Act 51 of 1951, as amended, to account for the proceeds of up to \$136 million of state trunkline bonds. The bonds are not general obligations of the State of Michigan but are payable solely out of funds restricted as to use for state trunkline purposes by Section 9 of Article IX of the Michigan Constitution and irrevocably pledged by law for deposit in the State Trunkline Fund.

The State Transportation Commission approved issuance of \$136 million of Series A bonds in 1989. Approximately \$100 million of the proceeds are to be used for Transportation Economic Development Fund projects, and approximately \$30 million of the proceeds are to be used for the purchase of right-of-ways.

1992 STATE TRUNKLINE FUND BOND PROCEEDS FUND

This fund was established pursuant to Section 18(b) of Public Act 51 of 1951, as amended, to account for the proceeds of up to \$205.2 million of state trunkline bonds. The bonds are not general obligations of the State of Michigan, but are payable solely out of the funds restricted as to use for state trunkline purposes by Section 9 Article IX of the Michigan Constitution and irrevocably pledged by law for deposit in the State Trunkline Fund.

1994 STATE TRUNKLINE FUND BOND PROCEEDS FUND

This fund was established pursuant to Section 18(b) of Public Act 51 of 1951, as amended, to account for the proceeds of up to \$150 million of state trunkline bonds. The bonds are not general obligations of the State of Michigan but are payable solely out of funds restricted as to use for state trunkline purposes by Section 9 of Article IX of the Michigan Constitution and irrevocably pledged by law for deposit in the State Trunkline Fund. Approximately \$149.2 million of the proceeds are to be used to finance the construction of various trunkline transportation projects.

1996 STATE TRUNKLINE FUND BOND PROCEEDS FUND

This fund was established pursuant to Section 18(b) of Public Act 51 of 1951, as amended, to account for the proceeds of up to \$54.5 million of state trunkline bonds. The bonds are not general obligations of the State of Michigan but are payable solely out of funds restricted as to use for state trunkline purposes by Section 9 of Article IX of the Michigan Constitution and irrevocably pledged by law for deposit in the State Trunkline Fund. The proceeds are to be used to finance the construction of various trunkline transportation projects and to pay the costs of issuance of the bonds.

2001 BUILD MICHIGAN III BOND PROCEEDS FUND

This fund was established pursuant to Section 18(b) of Public Act 51 of 1951, as amended, to account for the proceeds of up to \$308.2 million of state trunkline bonds. The bonds are not general obligations of the State of Michigan but are payable solely out of funds restricted as to use for state trunkline purposes by Section 9 of Article IX of the Michigan Constitution and irrevocably pledged by law for deposit in the State Trunkline Fund. The proceeds are to be used to finance the construction of various trunkline transportation projects and to pay the costs of issuance of the bonds.

2001 & 2002 BUILD MICHIGAN II GRANT ANTICIPATION NOTES

This fund was established pursuant to Section 18(b) of Public Act 51 of 1951, as amended, to account for the proceeds of up to \$400 million of state trunkline notes. The notes will be secured by a pledge of, and be payable solely from the State of Michigan's share of federal reimbursements for projects administered by the department and other eligible federal assistance that the department shall receive from the Federal Highway Administration with respect to federally-aided highway construction projects under or in accordance with Title 23 of the United States Code or any success highway program established under federal law, and the moneys in the Note Payment Fund. Proceeds of the notes will be used to provide the Department with funds to advance and accelerate the completion of the Build Michigan II highway program.

2004 STATE TRUNKLINE FUND BOND PROCEEDS FUND

This fund was established pursuant to Section 18(b) of Public Act 51 of 1951, as amended, to account for the proceeds of up to \$185.7 million of state trunkline bonds. The bonds are not general obligations of the State of Michigan but are payable solely out of funds restricted as to use for state trunkline purposes by Section 9 of Article IX of the Michigan Constitution and irrevocably pledged by law for deposit in the State Trunkline Fund. The proceeds are to be used to finance the construction of various trunkline transportation projects and to pay the costs of issuance of the bonds.

COMBINED COMPREHENSIVE TRANSPORTATION BOND PROCEEDS FUND

A separate fund is established to account for the proceeds of each bond issue. Revenue and expenditure data by individual proceeds fund is available in the Statistical Section, Schedule of Revenues and Expenditures by Fund.

The Combined Comprehensive Transportation Bond Proceeds Fund consists of the following funds:

2002 COMPREHENSIVE TRANSPORTATION FUND BOND PROCEEDS FUND

This fund was established pursuant to Section 18(b) of Public Act 51 of 1951, as amended, to account for the proceeds of up to \$82.3 million of comprehensive transportation bonds. The bonds are not general obligations of the State of Michigan but are payable solely out of the funds restricted as to use for comprehensive transportation purposes by Section 9 of Article IX of the Michigan Constitution and irrevocably pledged by law for deposit in the Comprehensive Transportation Fund.

The bonds are not general obligations of the State of Michigan but are payable solely out of the funds restricted as to use for comprehensive transportation purposes by Section 9 of Article IX of the Michigan Constitution and irrevocably pledged by law for deposit in the Comprehensive Transportation Fund.

TRANSPORTATION RELATED TRUST FUND

To achieve administrative efficiencies, effective October 1, 1990, the Special Federal Bridge Replacement Trust Fund, the Federal County Road Trust Fund, the Federal Urban Transportation System Trust Fund, and the Highway Topics and Safety Program Trust Fund were combined in a single trust fund. The Metropolitan Planning Fund was added in fiscal year 2000. The functions and purposes of these funds, although combined in a single fund, remain unchanged. The following sub-funds are included:

SPECIAL FEDERAL BRIDGE REPLACEMENT TRUST FUND

This fund was established in conjunction with the Federal Highway Act of 1970, Section 144. The fund accounts for the federal, state, and local funding used to upgrade state and locally-owned bridges.

FEDERAL COUNTY ROAD TRUST FUND

This fund was established in conjunction with the Federal Highway Act of 1944, as amended. The fund accounts for the federal, state, and local money expended to meet the road construction needs of rural areas and communities with populations less than 5,000.

FEDERAL URBAN TRANSPORTATION SYSTEM TRUST FUND

This fund was created to administer provisions of the Federal Highway Act of 1970, as amended. The fund accounts for the federal, state, and local money expended to meet the road construction needs of communities with populations 5,000 or more.

HIGHWAY TOPICS AND SAFETY PROGRAM TRUST FUND

This fund was established in conjunction with the Federal Highway Acts of 1968 and 1973. The fund accounts for federal, state, and local money used to fund urban and road safety projects.

MICHIGAN DEPARTMENT OF TRANSPORTATION
DESCRIPTIONS OF DEBT SERVICE FUNDS
FISCAL YEAR ENDED SEPTEMBER 30, 2005

COMBINED STATE TRUNKLINE BOND AND INTEREST REDEMPTION FUND

This fund was established pursuant to Public Act 51 of 1951, as amended, to account for debt service on all State Trunkline Fund related bond issues. As of October 1, 1986, the debt service funds for the outstanding bond issues were merged by equity transfer into this debt service fund. The funds merged include the 1983 State Trunkline Fund Bond and Interest Redemption Fund, the 1984 State Trunkline Fund Bond and Interest Redemption Fund, the 1986 State Trunkline Refunding Bond and Interest Redemption Fund, and the Michigan Trunkline Bond and Interest Redemption Fund, Series II through IX. All subsequent State Trunkline Fund related bond issues are accounted for in this fund.

The bonds are not general obligations of the State of Michigan but are payable solely out of funds restricted as to use for transportation purposes by Section 9 of Article IX of the Michigan Constitution and irrevocably pledged by law for deposit in the State Trunkline Fund. Debt service requirements are funded by annual appropriations in the State Trunkline Fund.

COMBINED COMPREHENSIVE TRANSPORTATION BOND AND INTEREST REDEMPTION FUND

This fund was established pursuant to Public Act 51 of 1951, as amended, to account for debt service on all Comprehensive Transportation Fund related bond issues. As of October 1, 1986, the debt service funds for outstanding bond issues were merged by equity transfer into this debt service fund. The funds merged include the Comprehensive Transportation Bond and Interest Redemption Fund, and the 1986 Comprehensive Transportation Refunding Bond and Interest Redemption Fund. All subsequent Comprehensive Transportation Fund related bond issues are accounted for in this fund.

The bonds are not general obligations of the State of Michigan but are payable solely out of funds restricted as to use for comprehensive transportation purposes by Section 9 of Article IX of the Michigan Constitution and irrevocably pledged by law for deposit in the Comprehensive Transportation Fund. Debt service requirements are funded by annual appropriations in the Comprehensive Transportation Fund.

MICHIGAN DEPARTMENT OF TRANSPORTATION
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FISCAL YEARS ENDED SEPTEMBER 30, 2005 AND 2004

- (A) The Department changed the format of the Schedule of Expenditures of Federal Awards (SEFA) to be consistent with the reporting model provided by the State of Michigan in fiscal year 2004.
- (B) The Department's method of reporting accrued expenditures was revised in fiscal year 2004. Previously, all accrued expenditures were reported as directly expended by the Department. The Department will now determine if accrued expenditures should be reported as directly expended or as distributions to sub-recipients on an individual basis.
